## Engineers Week was a huge success!

This year's eWeek saw an even larger turnout than last year! Students on 17 teams comprised of 25 engineering clubs participated in eWeek this February. These students raised 1792 lbs during the Food Drive for the Casa Maria Food Kitchen, which will help to feed those in need. The Penny War raised \$258, which will be donated to a charity chosen by the SCE, the winner of the Penny War.

For the first time in UA history (that is ESC is aware of), there was a tie for 1st place! Both EWB and SHPE ended the week with 285 points, closely followed by 3rd place, SME with 260 points! Also, thank you to IEEE and Eta Kappa Nu for being the "Spirit of eWeek"!

The rest of the team results can be located on the Engineering Student Council website at:

Looking to become involved in a new club? Omar Beltran started a new chess club here on campus (Wildcat Chess).

This club intends to provide an enjoyable, safe environment for chess enthusiasts to play, learn and discuss chess. It's completely free and a lot of fun.

Wildcat Chess will be meeting this Wednesday, 6:00pm at Chavez 316.

Take a break from studying and come play chess with us! Players of all levels are welcome!
