

Program Funding Call for Proposals College of Engineering Clubs and Professional Societies

The College of Engineering (ENGR) Administration will entertain proposals from ENGR clubs and student professional societies two times per year. The intent of this grant program is to offer financial assistance to ENGR student groups for special projects and programs. Funds are limited, but in the past, ENGR has awarded about \$12,000 annually. Please note that each organization may submit as many as two unique proposals a year (one Fall, one Spring), and can only receive funds for a specific project once per academic year.

Funds will be allocated based on the quality of proposals submitted. Only student organizations recognized by **both** ASUA and ESC are eligible to submit proposals. For Spring 2018 consideration, the application deadline is the same as the ESC funding deadline:

- Friday, February 9, 2018

Deadlines will be strictly enforced. Proposals may be submitted no later than 5:00 PM on the due date and should be turned submitted through the electronic form.

To complete your application for College of Engineering funding, a physical copy of the signature page must be turned in to Ariel Fisher's mailbox in Engineering Room 200 by 5:00 PM on:

- Friday, February 9, 2018

Decisions will be made and Student Organizations will be notified no later than:

- Friday, February 16, 2018
